**Why Putter With  
Corns? Use "Gets-It"**

Common-Sense, Simple, Never Fails.

You can tear out your corns and suffer, or you can peel off your corns and smile. The easy, fooling way is the "Gets-It" way. It is the only happy, painless way in the world. Two drops

"Get the Drop" on That Corn—Use "Gets-It" and the Corn Is a "Goner!"

of "Gets-It" on any corn or callus dries it out. The corn finally loosens off from the toe, so that you can peel it off with your fingers in one piece, painlessly, like peeling a banana. Great stuff, wish I'd done that before. There's only one corn-remover—"Gets-It." Toes wrapped up big with tape and band-aids, toes squirming from irritating salves, it's all a barbarity. Toes wounded by razors and knives, that's butchery, ridiculous, unnecessary, dangerous. Use "Gets-It," the liberty way—simple, painless, always sure. Take no chances. Get "Gets-It," it's the guaranteed, money-back, corn-remover, the only sure way, costs but a trifle at any drug store. Mfg. by E. Lawrence & Co., Chicago, Ill.

Sold in Stanford and recommended as the world's best corn remedy by The Penny Drug Store.

**War Will Not Be Won By Extravagance But by the Strictest Economy**

You should economize in every possible way. But there is a danger in having the wrong idea about economy.

The danger is not knowing what economy means. Many people think economy merely means getting goods at a cheap price.

Every farmer, every business man, every housewife knows that low price is not necessarily economy. When you need clothes, there is economy in buying good ones. We sell

**Hart, Schaffner & Marx Suits and Overcoats**

because they give the most day by day wear for every dollar invested. Prices,

\$18, \$20, \$22.50, \$25, \$30 and \$35.
